

Thrive 2020 Virtual Experience Church Watch Party FAQs

BTG is honored to offer the Thrive 2020 Virtual Experience: “Together as ONE” (Romans 15:6-7, ESV) at almost no cost to attendees! As we are unable to all gather in-person this fall, we are inviting local churches to consider utilizing this virtual experience as an opportunity to host their own watch party for their church and community! Approximately 1/3 of Thrive guests are not regular church attenders. A watch party would be a great opportunity to extend your reach to your city!

Watch Party – How To:

- Thrive 2020: October 3, 9 am - 2:00 pm
- Each church is responsible for all details regarding their own “Watch Party.”
- Registration
 - All Thrive 2020 viewers must register for \$7 at btgthriveconference.org. Please ensure that all attendees of your watch party have individually registered by verifying their Virtual Event Pass print-out or mobile device confirmation.
- Streaming
 - The link to the Thrive 2020 stream will be sent via email to each registrant approximately 15 minutes before the event’s starting time.
 - To practice showing a streamed video at your church, the Thrive 2020 promo video will be available via Brushfire by August 1. While the actual conference link will not be available until approximately 15 minutes before the event, the simple steps to accessing and projecting this promo video will be similar to the steps needed to access and project the event link on October 3.
- Design
 - BTG will send a program schedule in July to help with your watch party planning.
 - **While the Thrive 2020 Virtual Experience will include giveaways and interactive opportunities (shopping, prayer teams, chatting, etc.) for attendees to access via their phones or computers, we welcome host churches to make watch parties their own—simplified or elaborate! Feel free to include food, local announcements, additional fun elements, in-person prayer teams, etc.**
- Offering
 - BTG will be promoting the opportunity for attendees to give toward a Minnesota project. Feel free to include this in any personal announcements you might share on October 3, or we invite churches to consider donating toward this project separately!
 - We will share more details soon.
- Promotion
 - BTG will post your basic watch party information on btgthriveconference.org so others can learn more about your event. Email kostrem@mnaog.org with your church name and address, time frame of your party, what to expect (e.g. lunch provided, no childcare, etc.) and a link or contact person where they can learn more and RSVP.
